QUALITY POLICY

The continuing Policy of **SILVER STONE TRADING LLC** is to provide a high quality, professional and efficient service to ensure the satisfaction of all of the requirements of our clients. This achievement will result in securing efficiency, a strong customer focus and enhancement of long-term sustainability and profitability within the Organisation.

The Management Team will show leadership and commitment, and bear the responsibility for establishing, implementing, integrating and maintaining the Quality Management System.

We undertake to ensure sufficient resources are made available within the Organisation to achieve this. We undertake to ensure through communication, engagement, practical example and training that Quality is the aim of all members of the Organisation.

Through direction and support, each employee will have a proper understanding of the importance of the Quality System function, their responsibility to contribute to its effectiveness, and its direct relevance to the success of the Organisation.

Equally, every employee is responsible for, and will be trained to perform the duties required by his or her specific role.

The Organisation has a Policy of promoting continual improvement and setting of Quality Objectives in line with the framework laid down within ISO 9001:2015 Standard. These objectives will address the risks and opportunities within the Organisation as determined by Top Management.

We hereby certify that this Standard Operating Procedures Manual accurately describes the Quality System in use within the Organisation to meet the requirements of ISO 9001:2015.

The Quality System will be monitored, measured, evaluated and enhanced regularly under the Top Management's ultimate responsibility, with regular reporting and communication of the status and effectiveness at all levels.

Signed **BILAL OMAR AHMED**

Position **CEO**

Date **01/01/2018**

LIST OF PROJECTS

Organization's Purpose And Strategic Direction

Purpose:

To be a leader in construction field by providing enhanced service relationship and profitability. Our company, like any company, is looking for the best solutions to serve its projects and customers. Doing the contracting work accurately and high quality is never easy. "In order to accomplish this task, our company always strives to develop its cadres and modernize its equipment in order to provide the best conditions to achieve the required accuracy and high quality. Low cost and highest occupational and health safety standards while preserving the local environment.

What is our vision?

To provide quality services that exceed the expectation of our esteemed customers

2. Organization's Intended Result.

To provide quality services that exceed the expectation of our esteemed customers
To upgrade the level of its work to the ranks of major companies in this sector and use the latest methods in this area to achieve the best service projects and construction with high specifications and excellent quality
Honest competition between local construction companies
Excellence in the implementation of projects
Strengthen relationships with existing customers, attract new customers and build long term strategic relationships with them
Developing and marketing the company's identity and image locally and externally
Achieving operational excellence in all the company's business

External Issues

Contractual arrangements – generally within the sector
Competitive environment – overall low cost of entry into the market
Legislation, e.g. employment of non-nationals
Regulation within the industry generally
Overall competition within the recruitment sector
Overall economic climate in the country
Countries environmental requirements affecting products and service
Technology advances
Standardization and certification within the industry
Client consideration of bringing expertise in-house
Client working environment other trades working alongside us,
Client configuration changes during installation
Relationships with external interested parties
Perceptions/values of external interested parties
Key drivers and trends
Workforce culture within the sector and country
Construction delays
External inspections/audits
Competitors ceases trading
Availability of raw materials
Power cuts in countries
Availability of external providers – machinery maintenance etc.

Internal Issues

Structure of the organization
Roles within the organization
Availability of reliable, qualified and competent workforce
Stability of workforce
Staff retention
Staff training levels
External providers competence and availability
Availability and quality of candidates to fulfill our vacancies
Culture within the organization
Working hours
Staff morale
Internal politics
Governance, Policies, objectives
Strategies
